

## HORECA -TAXATEUR EN -ADVISEUR DRS. RON VAN ERKEL

### Quickscan value restaurant, bar or other catering company.

For the smaller and middle sized companies this quickscan can be useful when preparing to sell or buy a company (restaurant, bar, lunchroom, etc.).

In shortage the following documents will be examined:

- Financial reports of the last three years,
- The lease contract of the real estate and the
- Information from a national (Dutch) database.

A short report will be made with

- An estimated value of the company,
- The value of the company when it will be sold, after compared with national figures and
- An advice of the selling/buying price.

This quickscan has not the quality of a regular valuation.

It is necessary that the needed documents are correct and are being delivered in time.

The costs of the quickscan: € 295,-- exclusive b.t.w. (V.A.T.) and inclusive one meeting, fifty car kilometers and three printed reports. Prepayment can be required.
